## COMMUNITY LAKES ASSOCIATION REPORT

In 2012 we had a new informational pamphlet printed; copies will be available at town meeting. Free cups of Bryant Pond spring water and information about our Association were given out at Mollyocket Day.

Everyone is very grateful to the 4-H Camp for the tremendous help they have been to Jim Chandler in the difficult work of fighting Milfoil. One has to wonder if the ones that carelessly brought milfoil to Shagg and Pumping Station Cove realize that we have spent over a dozen years and over \$160,000, mostly Grant money, trying to get rid of it.

We continue, as do all Lakes Associations throughout the state, to be vigilant in preventing sand, soap, soil and lawn fertilizer from entering lakes and ponds. They contain phosphorous which feeds algae and can create an algae bloom (The China Lake Syndrome). Algae use up the oxygen in the water, fish die, the water turns a yucky green. People don't want to swim in it or boat on it.

The Secchi Disk test done bi-monthly is to check for algae.

The Lake Smart Program has been taken over by C O L A (Congress of Lakes Associations). This is a program that will, if asked, provide an expert to access the area around lake front properties looking for the best ecological practices. Lakes and Ponds can be recognized for being "Lake Smart".

The annual meeting this year will be Sat. July 13.

## PACE Paramedic Service

Citizens of the Town of Greenwood,

PACE Paramedic Service, a Department of Stephens Memorial Hospital is proud to be able to present you with a description of ambulance service for your Annual Town Report.

In 2012, PACE responded to 70 calls in your town. Our average response time for those calls, from the time of the tone until we were on the scene, was 12.7 minutes. We are regularly out the door and on our way to calls in less than one minute with a minimum of two Paramedic Level Crews on duty at all times. As with all of the towns PACE covers, we provided the highest level of care available with a Paramedic on every 911 response. This year we were also able to add an on call crew overnight to help meet the needs of the area.

PACE continues to maintain a very close relationship with the fine group of professionals on the Greenwood Fire Department and enjoys being able to work and train with the Fire Fighters whenever possible, such as the recent Cold Water Rescue Training. Although we usually stage in Woodstock, the GWFD has been excellent hosts in allowing us to stage at the Locke Mills Station from time to time to maximize our resources as the need arises.

In addition to the day time Fire Department coverage Greenwood and Woodstock share, both departments are also Maine EMS Licensed First Responder Services. They respond with PACE on calls bringing highly skilled, lifesaving aid to the citizens. This is truly a neighbor helping neighbor scenario, with local citizens responding to render care at your time of need. Working in concert with PACE, they have proven to be a true asset to the community. At PACE, we can not express our appreciation of their efforts enough. They have been absolutely superb on calls and an essential extension in the chain of survival. This is in fact a cutting edge concept in emergency response at a national level and you are doing it! Please accept our congratulations and our gratitude.

PACE is always happy to visit schools, daycare facilities, organizations, and the like to talk about emergency care and give tours of the ambulances as part of our community outreach program. We are also more than willing to give tours of our station located on the Stephens Memorial Hospital Campus. We provide regular CPR & First Aid training here at Stephens and we are also willing to set up special classes to meet your needs. Please feel free to call 207-744-6126 to schedule tours and training.

Should you have any questions or concerns about ambulance service in your area, feel free to contact the Director anytime.

Yours Truly,

Bob Hand, Paramedic

## REPORT OF RESPONSIBLE PET CARE OF OXFORD HILLS, INC.

[www.rpc.petfinder.com](http://www.rpc.petfinder.com) ~ Facebook

"To Improve Quality of Life and Promote the Responsible Way to Treat All Pets."

Responsible Pet Care of Oxford Hills, Inc. is a non-profit, 501-C3 organization that provides a no-kill shelter for homeless cats and dogs currently located at 132 Waterford Road in Norway. At our current location, we are equipped to provide treatment and shelter for 85+ felines and 6 dogs. Animals not claimed by their owners are adopted into approved homes, healthy, vaccinated, flea treated, wormed, spayed/neutered and tested.

We will soon move into a larger building that we recently purchased. This building is located at 9 Lower Swallow Road, off High Street, in the Town of Paris. When we move to that location we will house the same number of cats and increase our dog capacity to 12+. The new shelter will allow for larger inside dog kennel spaces and more outside space for the dogs to exercise. It will eventually provide outside areas for cats as well. We are very excited to move to a larger space, since it will allow us to better serve the animals, volunteers and the public.

"RPC" has agreements with the Towns of Norway, Paris, Oxford, Otisfield, Harrison, Woodstock, West Paris, Greenwood, Hebron, Buckfield, Mechanic Falls, Poland and Bethel to take strays. We accept owner surrender cats and dogs when cage/kennel space allows.

- Did you know? One unspayed female cat is capable of producing 20 kittens per year for most of her life, female kittens start reproducing as early as 6 months of age, *and* siblings will breed. This is why it is so important to spay, neuter and report strays to the animal control officer.
- Did you know? Each time a dog is allowed to have puppies it can take as much as two years off her life. When you purchase a puppy, be conscious of where it comes from. Do not support "puppy mills". In "puppy mills", breeders breed irresponsibly; such as too often, selling puppies that are too young and dogs kept inhumanely. Be very careful if you purchase a pet on line.

Responsible Pet Care can direct you to resources for low cost spay and neuter for dogs and cats. Please call 743-8679 for more information. Because of irresponsible breeding, there is an overwhelming necessity to spay and neuter pit bull terrier types, whether full or mixed. The State of Maine FIX ME spay/neuter program in Augusta is issuing certificates with highest priority to this breed type. Additionally,

Responsible Pet Care currently has grants available to assist owners in the cost of spaying and neutering their pets.

It is unlawful to sell a puppy or kitten before the age of 6 weeks. In addition, it is required that a breeder and/or pet dealer provide the buyer of the puppy or kitten with a written disclosure indicating their history, including their health records.

Remember that dog licenses are due each year by January 1; \$25 late fee per dog is added after January 31.

We are truly grateful for your support.

Respectfully submitted,

Shirley H. Boyce, Norway

## INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen  
Town of Greenwood, Maine

We have audited the accompanying financial statements of the governmental activities of the Town of Greenwood, Maine as of and for the year ended June 30, 2012, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Greenwood, Maine's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the Town of Greenwood, Maine, as of June 30, 2012 and the respective changes in financial position, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and the budgetary comparison information, as listed in the table of contents, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Greenwood, Maine's basic financial statements. The combining and individual nonmajor fund financial statements, listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**TOWN OF GREENWOOD, MAINE**  
**STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES**  
**GOVERNMENTAL FUNDS**  
**FOR YEAR ENDED JUNE 30, 2012**

(Concluded)

Reconciliation of the change in fund balances - total governmental funds  
to the change in net assets of governmental activities:

Net change in fund balances - total governmental funds	\$ 81,846
--	-----------

Amounts reported for governmental activities in the Statement of Activities  
are different because:

Governmental funds report capital outlays as expenditures while  
governmental activities report depreciation expense to allocate  
those expenditures over the life of the assets:

Capital asset purchases capitalized	\$ 198,838
Depreciation expense	(241,243)
	\$ (42,405)

Government funds report changes in deferred taxes as revenues while government activities do not report changes in deferred taxes	\$ 9,600
--	----------

The proceeds of debt issuance provides current financial resources to  
governmental funds, but issuing debt increases long term liabilities in  
the statement of net assets. Repayment of debt principal is an  
expenditure in the governmental funds, but the repayment reduces  
long-term liabilities in the Statement of Net Assets:

Bond proceeds	\$ -
Bond obligation principal payments, net of new debt incurred	121,984
	121,984

Change in Net Assets of Governmental Activities	\$ 171,025
---	------------

See the accompanying independent auditors' report.  
The accompanying notes are an integral part of these financial statements.

January 2012

Dear Friends,

Thank you for this opportunity to serve as your State Senator. I appreciate the faith you have placed in me and I promise to work hard to represent you in Augusta.

This legislative session is what we call the "short session." We started in early January and we will meet until mid-April. I serve on two committees: the Inland Fisheries and Wildlife Committee and the Veterans and Legal Affairs Committee. I am happy to serve on both committees and look forward to continuing this work on your behalf.

While the economy is improving our state still faces many tough choices; Maine families are constantly being asked to do more with less these days and state government will need to do the same. At the same time we have to remember that budget cuts will have real impacts and during these tough times even more people will need help making ends meet. I know it won't be easy but I look forward to helping create a stronger economy for the working families of Maine.

Over the past few years I've had the opportunity to work with many of you. It has been an honor to meet the many business owners, community leaders, families, and individuals in Senate District 14. I want to make sure that you continue to stay in contact with me, so feel free to call or email me anytime. There are going to be times when we don't agree, but I want you to know that I always welcome fair and civil discussion.

I can be reached at home at (207) 364-7666 or at the State House (207) 287-1515. Dear Friends & Neighbors:

It is a real pleasure and tremendous responsibility to serve as your Representative to the Maine Legislature.

I have been reappointed to the Joint Standing Committee on Appropriations and Financial Affairs.

As I write this, we are considering the Governor's proposal to re-align our spending with our income for the last 6 months of our fiscal year. The current budget is 153 million dollars out of balance. This is caused by reduction in economic activity. The state is receiving less tax money than expected and increased costs for social services entitlements.

We have significant challenges as we work to approve a state budget for the upcoming two years. We are confronting some very uncomfortable choices, but I am certain that both political caucuses and the Governor will work together to make the best choices that are possible. We also have some 1800 bills that have been submitted for consideration.

I encourage you to visit the Legislature's website at <http://maine.gov/legis>, where you can find links to live video and audio broadcasts of the session and public hearings as well as information about proposed pieces of legislation. This service provides an excellent option for those who are unable to travel to the State House.

Thank you and I look forward to once again proudly represent the citizens of Greenwood, Norway, Waterford, and West Paris. Please do not hesitate to contact me with any comments or questions that you may have concerning your state government.

Sincerely,

Tom J. Winsor

Dear Residents and Friends:

While far from perfect, the legislation passed to avoid December's fiscal cliff embodied a spirit of bipartisan compromise that I hope will carry over to a broader agreement on our nation's finances. The bill ensures that Mainers will not have to pay an estimated \$1.4 billion in additional taxes in 2013, and extends a number of vital programs relied upon by Mainers. I look forward to working on a fiscally sound compromise that avoids burdening our most vulnerable citizens, seniors and veterans.

The gridlock in Washington has not slowed my efforts to fight for Maine's industries on the national and international arena. I have been proud to lead the fight in Congress to protect American manufacturers like New Balance, which employs approximately 900 Maine workers across three factories, from unfair tariff reductions. After presenting President Obama with his own set of New Balance Sneakers, I brought U.S. Trade Representative Ron Kirk to the Norridgewock facility to learn more about the industry. I have also worked with Ambassador Kirk to oppose Nova Scotia's proposed subsidies for its paper mill in Port Hawkesbury.

My 2<sup>nd</sup> annual tour of Maine's manufacturers to hear firsthand about their success and challenges was very helpful. These tours are an important part of my ongoing "Make it in Maine" agenda which consists of initiatives to boost domestic manufacturing. The feedback I received has been invaluable in helping to identify legislative action needed to support job growth in the industry.

It will also be my great honor to continue serving our nation's veterans as the new Ranking Member of the House Veterans Affairs Committee. While I am proud of my accomplishments helping to improve services for our brave men and women in uniform, I know there is still so much to do. As Ranking Member of the full Committee, I will fight for new advances in areas such as veteran employment, VA claims backlogs, and veterans' health care.

My highest priority has always been ensuring that Mainers receive timely and quality constituent services. Whether you have a specific concern with a federal agency or need help connecting to resources, please don't hesitate to reach out to me at any of my offices. I also encourage you to visit my website ([www.house.gov/michaud](http://www.house.gov/michaud)), where you can email me, sign up for email updates, and connect with me on Facebook and Twitter.

Thank you again for the opportunity to represent you in Congress.

With warmest regards,

Michael H. Michaud
